

✗ Not included by default.

- Total bill amount
- Taxes and fees
- Demand charges
- Rate plan details

To get billing-level data, you'd need:

- EDI billing
- Online bill PDF scraping
- A third-party integration tool like **Urjanet** or **EnergyCAP**

✅ Use Case Summary

Need	Green Button CSV	Green Button XML	Online Bill PDF 
Interval usage data	✅	✅	✗
Billing charges	✗	✗	✅
Multiple meters	✅	✅	✅
Software integration	⚠ Limited	✅	✗

Would you like a sample CSV or XML file from PG&E's Green Button to review? I can show you what one typically looks like.
